Who We Are:
Catholic Health Initiatives, a nonprofit, faith-based health system formed in 1996 through the consolidation of four Catholic health systems, expresses its mission each day by creating and nurturing healthy communities in the hundreds of sites across the nation where we provide care. The nation’s third-largest nonprofit health system, Englewood, Colorado-based CHI operates in 18 states and comprises 104 hospitals, including four academic health centers and major teaching hospitals as well as 30 critical-access facilities; community health-services organizations; accredited nursing colleges; home-health agencies; living communities; and other facilities and services that span the inpatient and outpatient continuum of care. In fiscal year 2016, CHI provided more than $1.1 billion in financial assistance and community benefit -- a 13% increase over the previous year -- for programs and services for the poor, free clinics, education and research. Financial assistance and community benefit totaled more than $2 billion with the inclusion of the unpaid costs of Medicare. The health system, which generated operating revenues of $15.9 billion in fiscal year 2016, has total assets of approximately $22.7 billion. Learn more at www.catholichealthinitiatives.org

Catholic Health Initiatives and its organizations are Equal Opportunity Employers and support a drug-free work environment.
