

We're hiring! Peachtree Hearing is a rapidly growing private practice serving patients in Marietta, GA. We provide compassionate care to our patients. We believe we are improving lives every day. Currently we are looking for an audiologist to join our team and help our growing practice.

This job is a great opportunity for someone who wants to learn more about the business side of running a private audiology practice. There is a great deal of opportunity to learn and help grow the business in all facets.

In the short term, we have a very specific need to field hearing tests for a contracted partner. This means a high volume of patients in and out of the office each week. This job specifically requires being task oriented, professional, and also timely. This will be the primary role of our new audiologist as Peachtree Hearing is growing. In addition to seeing patients from our contracted partner, the candidate will also perform hearing aid evaluation, consultation, cleaning, and cerumen management. There are additional opportunities for tinnitus management and vestibular evaluation and rehabilitation as the practice continues to grow.

This job is great for someone who is self-driven and motivated. There may be times when you are needed to run the whole office. Other duties might include attending events, marketing, and community outreach on behalf of Peachtree Hearing. Being professional, confident, and having good judgment will be key. We are not interested in micromanagement. Rather, we need someone who is independent and extremely motivated. Having responsible and independent employees in turn allows us to be extremely flexible as employers and make Peachtree Hearing a great place to work.

If you think this job sounds interesting, we would love to meet you! Please e-mail your resume to [mwikoff@peachtreehearing.com](mailto:mwikoff@peachtreehearing.com)

Thanks!

Sincerely,  
Melissa
