

Sound Health Services is hiring a clinical and dispensing Audiologist. Here is the summary of the position:

A well-established ENT practice (5 physicians/3 Audiologist in three offices) is looking for a clinical/dispensing audiologist that will provide comprehensive diagnostic services including adult and pediatric populations, hearing aid evaluations, fitting, and verification as well as recommend and fit assistive devices and custom hearing protection.

Additional requirements include:

- Masters or Doctorate (preferred) degree in Audiology
- Eligibility for Missouri Audiology licensure
- Prefer a candidate with at least 2 years of experience in a medical setting, with a strong background in diagnostics and a variety of current hearing aid technologies
- Willingness to assume and manage a full and varied caseload, participate in quality improvement programs, and continually update procedures as needed.
- Strong interpersonal communication skills and ability to adapt in a fast-paced medical environment.
- Opportunity to supervise Audiology students, including Extern if ASHA certified (not required).

Interested applicants should send their resume to kmclauchlin@soundhealthservices.com.
