

(from email)

A representative from Clark County School District in Las Vegas contacted me asking if I knew anyone else looking for a TOD job. I interviewed with them back in April and they now have 6 TOD positions open in varying grade levels (Elementary, Middle, High School) and types of positions (i.e. Itinerant, self-contained classroom, etc.) and they are desperate. I told her I would forward it on to you in case you know of any past alumni who may be looking as I know that all of my classmates are already employed.
