

My name is Kelly Cleveland and I am a teacher with the Grand Rapids Oral Deaf Program in Grand Rapids, Michigan.

We are looking for a full time teacher for our lower elementary center based program and so I am personally reaching out to programs to see if they would pass along our job posting to any qualified individuals. We are a program in the public schools that uses the Auditory-Verbal Philosophy and so we are seeking candidates in this area. Would you please pass along our posting to any individuals you feel may be interested and qualified?
