

Just wanted to let you know that we have three open teaching positions in Indianapolis – one each in early intervention, preschool, and mainstream support . The good news is that Indiana has revised some of their practices and we are swimming in kids referred for services. The bad news is we can't find enough teachers! Please keep your ears open for any new professionals or alumni who are looking for a great place to live and make a huge difference in the lives of kids! The positions are posted on our website: www.sjid.org
Thank you so much!!
