Veteran’s Health Indiana is currently recruiting for 2 Audiologist positions at the GS9-12 level. Staff Audiologists will serve veterans from across central Indiana and the surrounding region via the Richard L. Roudebush VA Medical Center in Downtown Indianapolis. The Roudebush Audiology team consists of 6 Audiologists (including myself) and 4 health technicians. We currently provide diagnostic hearing evaluations, Hearing Aid Fittings and all related follow-up services, tinnitus management and are also in the process of developing a Cochlear Implant Program and Aural Rehabilitation Program.

Audiologists, and graduating 4th year externs who may be interested in these opportunities are also invited to send me their resume directly.

Indianapolis, also known as the circle city, is often referred to as the Racing Capital of the World and offers easy access to the Indianapolis Motor Speedway. Indianapolis offers many attractions, including sports, shopping, dining and entertainment as well as affordable living throughout the surrounding area.
