DOCTOR OF AUDIOLOGY (AU.D.)

Washington University School of Medicine in St. Louis offers a four-year Au.D. program that prepares students as clinical audiologists. The curriculum serves as a national model, immersing students in hands-on clinical experiences, academic coursework, and research opportunities. Ranked among the top programs in the U.S.; closely connected with Otolaryngologists and hearing research scientists; and affiliated with a school for the deaf, students have unparalleled access to learning opportunities across the scope of practice.

According to the Department of Labor's Bureau of Labor Statistics

$81,030 is the median income for an audiologist. The job outlook is expected to grow 2020 to 2030 by 16%.
